Order No.	Product-Description	Figures
05640132	<u>Test tip for cross hatch cutting (30°)</u> ¹⁾ additionally covered with an extremely hard layer (short shaft with flat clamping area)	
05390132	<u>Test tip acc. to van Laar (Ø 0.5 mm)</u> (short shaft without flat clamping area)	
05390232	<u>Test tip acc. to Bosch (Ø 0.75 mm)</u> ²⁾ (short shaft without flat clamping area)	
05390332	<u>Test tip acc. to ISO 1518-1 (Ø 1.0 mm)</u> ²⁾ (short shaft without flat clamping area)	
05390732	Test tip technically equivalent to <u>ISO 1518-1 (Ø 1.0 mm)</u> additionally covered with an extremely hard layer (short shaft without flat clamping area).	
05390432	<u>Test tip acc. to BMW (Ø 3.0 mm)</u> ¹⁾ (short shaft without flat clamping area)	
02180232	<u>Test tip acc. to Clemen</u> ²⁾ (short shaft with flat clamping area)	
05391432	<u>Test tip acc. to PV 3962 (VW/Audi)</u> ¹⁾ without clearance angle (for scraping use), for testing of cylinder head gaskets	
05390532	Testing device for writing effect acc. to Opel (acc. to <u>GME 60280, Meth. B; GMW 14688, Meth. B)</u> with mounted test disc (steel) and assembly tool (allen keys SW 1.5 and SW 2.5)	
04300332	Test disc made of stainless steel for writing effect acc. to Opel (GME 60280, Meth. B; GMW 14688, Meth. B) (spare part) (Ø 16 mm, R 0.5 mm)

Order No.	Product-Description	Figures
05391132	<u>Testing device for writing effect acc. to PV 3974 (VW/Audi)</u> with mounted test disc (hard metal) and assembly tool (allen keys SW 1.5 and SW 2.5)	
04300532	Test disc (hard metal) for writing effect acc. <u>to PV 3974 VW/Audi (spare part)</u>	
05390932	<u>Testing device for tests according to DBL 9202</u> holder for longitudinal guiding of the test disc, incl. test disc acc. to DBL 9202 made of steel, hard-coated, laser- engraved with 12 marked and numbered test areas, with calibration certificate	
05390832	<u>Test disc according to DBL 9202</u> made of steel, hard-coated, laser-engraved with 12 marked and numbered test areas, with calibration certificate	
05391232	Testing device for writing effect acc. to TPJLR.52.010 <u>(Jaguar/Land Rover)</u> consisting of holder with mounted PMMA test disc (incl. the necessary centering assembly screw) and assembly tool (allen keys SW 1.5 and SW 2.5), incl. calibration certificate	
08040232	PMMA test disc (acryl/plexiglass) acc. to GS 97034-2 (BMW) as well as TPJLR.52.010 (Jaguar/ <u>Land Rover – (spare part)</u> with 8 marked and numbered test areas	
30240116	<u>Centering assembly screw (spare part)</u> required for assembling the test disc made of PMMA)	
05670132	<u>Set of weights for low load range (6 pcs.)</u> consisting of holder and 5 weights (1 N, 2 N, 3 N, 4 N, 5 N), incl. Manufacturer's Test Certificate.	

Subject to technical modification.
Gr. 12 – TBE 430 P-Smart – VIII/2021

¹⁾ hardened steel

²⁾ equipped with hard metal
